

DIRECTION A - FIELD GUIDE

Mycro-Tec Digester

Crop residue after harvest.

BROCHURE DESIGN CONCEPT

A fuller guide, with room for the product story.

Multi-crop imagery and a clear reading order. Technical copy is pending review.

01	02	03
Cover	**Structure**	**Reference**
Multi-crop imagery.	Product story before detail.	Reserved for final copy.

Crop imagery explores the cover treatment; it does not confirm product use on every crop shown.

GROWER INFORMATION - COPY PENDING

Explain the product before the detail.

A section for the product explanation and verified uses. The images show layout options, not crop recommendations.

01

What it is

Product explanation pending technical review.

02

Intended use

Crop and residue scope pending confirmation.

03

Practical detail

Final information to be added after review.

DESIGN REVIEW EDITION

Technical copy is pending. This edition contains no application directions.

HYBRID-AG PRESCRIPTION APPROACH

Plan the nutrition for the next crop.

Bring your existing test results and crop details. The team can discuss the nutrition requirement and any prescription blend required.

Design question: is this page useful before the composition and final reference pages?

SUPPLIER REFERENCE - DRAFT COMPOSITION

The organisms listed in the source material.

Names and organism types are shown for layout review. Concentrations and product-specific functions are withheld.

Trichoderma harzianum	Fungus
Aspergillus niger	Fungus
Streptomyces lydicus	Actinomycete
Penicillium radicum	Fungus

ILLUSTRATIVE IMAGERY

Room to explain the product visually.

01

Crop residue

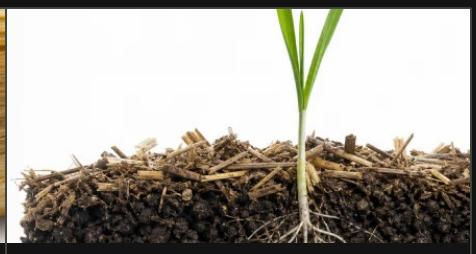

Image treatment for review.

02

Plant material

Image treatment for review.

03

Following crop

Image treatment for review.

Illustrative imagery only. These images are not evidence of a Digester result.

REFERENCE PAGE - COPY PENDING

Space for the final technical reference.

This edition lets us review the information layout while the product directions are checked. No use recommendation is supplied here.

DESIGN REVIEW EDITION

Technical copy is pending. This edition contains no application directions.

CONTENT AREA	REVIEW EDITION	FINAL COPY
Crop and residue scope	Not included	Pending confirmation
Application directions	Not included	Pending confirmation
Preparation and product use	Not included	Pending confirmation
Handling information	Not included	Pending confirmation
Supply details	Not included	Pending confirmation

BROCHURE DIRECTION

Review the structure. Finish the technical copy next.

Layout feedback does not approve the product directions or clear the brochure for grower use.

Source reference: Great Southern Biology. Brochure concept prepared by Hybrid-Ag.

Original source documents remain unchanged. These separate review editions deliberately withhold technical directions.
